

JOURNAL OF THE AMERICAN SOCIETY FOR HORTICULTURAL SCIENCE

VOL. 144, NO. 4

CONTENTS

JULY 2019

- | | | | |
|-----|--|-----|---|
| 219 | Transcriptome Analysis of <i>Chrysanthemum lavandulifolium</i> Response to Salt Stress and Overexpression a K ⁺ Transport <i>CIKT</i> Gene-enhanced Salt Tolerance in Transgenic <i>Arabidopsis</i>
He Huang, Yuting Liu, Ya Pu, Mi Zhang, and Silan Dai | 264 | Restricted Phosphorus Fertilization Increases the Betacyanin Concentration and Red Foliage Coloration of <i>Alternanthera</i>
Josh B. Henry, Penelope Perkins-Veazie, Ingram McCall, and Brian E. Whipker |
| 236 | Development and Identification of Expressed Sequence Tag-based SSR Markers Associated with the Heterostyly Trait in <i>Primula forbesii</i>
Cunquan Yuan, Zhiyi Qu, Huitang Pan, Tangren Cheng, Jia Wang, and Qixiang Zhang | 274 | Transcriptome Analysis to Identify Putative Genes Involved in Flowering Time Under Different Photoperiods in 'Hong jin gou' Common Bean
Xiaoxu Yang, Chang Liu, Zhishan Yan, Youjun Fan, Guojun Feng, and Dajun Liu |
| 244 | Transcriptomic Study of Early Responses to the Bud Dormancy-breaking Agent Hydrogen Cyanamide in 'TropicBeauty' Peach
Lisa Tang, Shweta Chhajed, Tripti Vashisth, Mercy A. Olmstead, James W. Olmstead, and Thomas A. Colquhoun | 280 | The <i>Chrysanthemum lavandulifolium</i> <i>CINAC9</i> Gene Positively Regulates Saline, Alkaline, and Drought Stress in Transgenic <i>Chrysanthemum grandiflora</i>
Yu Liu, Miao He, Fengli Dong, Yingjie Cai, Wenjie Gao, Yunwei Zhou, He Huang, and Silan Dai |
| 257 | Genetic Diversity and Population Structure Analysis of Bigleaf Hydrangea Using Genotyping-by-sequencing
Xingbo Wu and Lisa W. Alexander | 289 | Corrigendum |
