

**AGRICULTURAL MANAGEMENT**

- Maurizio Lanfranchi, Carlo Giannetto, Francesco Rotondo, Mariyana Ivanova, Vihra Dimitrova** – Economic and social impacts of price volatility in the markets of agricultural products..... 1063
- Michał Switlyk, Ewa Koloszytz, Agnieszka Sompolska-Rzechula** – Selected technical and organizational problems in various milk production systems ..... 1069
- Ali Berk, Cahit Gungor** – Determination of factors affecting on dried beans production decisions in Turkey ..... 1076

**SUSTAINABLE AGRICULTURE**

- Yanko Aleksandrov** – New solution – innovative design with inventive step of a super tall green building made of bamboo: “Superskyscraper in Singapore” ..... 1083
- Minka Anastasova-Chopeva** – Evaluation of social sustainability of Bulgarian agriculture ..... 1092
- Nahid Hazrati, Saime Unver, Mohammad Hasanzadeh, Farzad Nofouzi, Khalid Mahmood Khawar, Ali Ergul** – *In vitro* regeneration and *Agrobacterium* mediated transformation of Turkish commercial barley (*Hordeum vulgare* L.) ..... 1099
- Anastasiia Zymarioieva, Oleksandr Zhukov, Liudmyla Romanchuck, Anatolii Pinkin** – Spatiotemporal dynamics of cereals grains and grain legumes yield in Ukraine ..... 1107

**AGRICULTURAL ECONOMICS**

- Radek Zdenek, Jana Lososova, Tomas Mrkvicka** – Determinants of agricultural land rent and its development in Czechia ..... 1114

**ECOLOGICAL FARMING**

- Mysoon Alamro, Atif Mahadeen, Osama Mohawesh** – Effect of degradable mulch on tomato growth and yield under field conditions ..... 1122

**PLANT SCIENCE**

- Eduardo Mattar** – Physiological quality of *Tithonia diversifolia* (Hemsl.) A. Gray seeds as a function of harvest period and storage conditions ..... 1133
- Khalil Ur Rahman, Mohamed Khalifa Bin Thaleth, George Mathew Kutty, Ramachandran Subramanian** – Pilot scale cultivation and production of *Vanilla planifolia* in the United Arab Emirates ..... 1143
- Tatyana Yoncheva, Vanyo Haygarov, Dimitar Dimitrov** – Study of weather conditions influence on the grapes quality and some technological practices on the chemical composition, aromatic profile and organoleptic characteristics of white wines ..... 1151
- Yaroslav H. Tsytsiura** – Evaluation of the efficiency of oil radish agrofitocenosis construction by the factor of reproductive effort ..... 1161

**PLANT PATHOLOGY AND PROTECTION**

- Zhelyu Avramov, Marco Mihaylov** – Spreading of diseases caused by phytoplasma on local and foreign grape varieties grown in Bulgaria from 2005 to 2018 ..... 1175
- Plamen Marinov-Serafimov, Irena Golubinova** – The influence of some herbicides on seed production in standard wheatgrass (*Agropyron desertorum* (Fisch.) Schultes) ..... 1191
- Irena Golubinova, Plamen Marinov-Serafimov** – Allelopathic effect of dodder (*Cuscuta epithimum* L.) on different genotypes bird’s-foot trefoil (*Lotus corniculatus* L.) ..... 1198

## AGROCHEMISTRY, SOIL SCIENCE AND ECOLOGY

- Elpiniki Skoufogianni, Kyriakos Giannoulis, Dimitrios Bartzialis, Nikolaos Danalatos** – Relations between crop rotation with pea and soil structure ..... 1205
- Desislava I. Mantovska, Veneta M. Kapchina, Zhenya P. Yordanova** – *In vitro* propagation of the Balkan endemic species *Stachys leucoglossa* Griseb ..... 1211
- Ludmila Malinova, Kameliya Petrova** – Acrisols on the territory of training and experimental forest range “Petrohan” ..... 1216
- Chanchal Malhotra, Riti Thapar Kapoor** – Assessment of efficacy of sodium silicate on morphological parameters of *Lycopersicon esculentum* Mill. under water deficit conditions ..... 1224
- Penka Zaprjanova, Gergana Hristozova** – DTPA-extractable micronutrient content of soils in Southern Bulgaria ..... 1233
- Duraid K. A. AL-Taey, Imad J. C. Al-Naely, Bassim H. Kshash** – A study on the effects of water quality, cultivars, organic and chemical fertilizers on potato (*Solanum tuberosum* L.) growth and yield to calculate the economic feasibility ..... 1239

## ANIMAL SCIENCE

- Adam Kraus, Lukáš Zita, Ondřej Kront** – The effect of different housing system on quality parameters of eggs in relationship to the age in brown egg-laying hens ..... 1246
- Svetoslav Karamfilov, Vasil Nikolov, Radka Malinova** – Study on the exterior of cow Limousin cattle breed, bred in Bulgaria..... 1254
- Evgeniy Kharitonov** – Comparative study of rations for milking cows with soybean meal or cake added to the diet in equivalent amounts for metabolizable protein ..... 1261
- Iliana Sabeva** – Phenotypic and genetic parameters of the complex assessment of BV in two-year-old tested horses from the East Bulgarian breed ..... 1266
- Mochammad Junus** – The influence of queen bee age, the number of brood combs, and the use of a queen excluder on comb brood size in *Apis mellifera* bees during the blossom season ..... 1271
- Elena Zdorovieva, Gennady Boryaev, Elena Kistanova, Alexey Nosov, Yuri Fedorov, Nikolay Semigodov** – Protected fat in the diet of lactating ewes affects milk composition, lamb body weight and their biochemical parameters ..... 1277

## ANIMAL GENETICS

- Arpad Drobnyak, Laszlo Bodi, Monika Heincinger, Karoly Kustos, Istvan Tibor Szalay, Anita Almasi, Agnes Zimboran, Rubina Tunde Szabo, Maria Weber** – The effect of the crossing of Yellow Hungarian chicken breed with different commercial lines on meat production and meat quality ..... 1281

## FOOD SCIENCE AND TECHNOLOGIES

- A. Durakova, A. Bogoeva, V. Yanakieva, Tzv. Gogova, I. Dimov, R. Krasteva, K. Dosheva** – Storage studies of subtropical fruit lucuma in powdered form ..... 1287
- Nikolaos Gougoulis, Dimitrios Kalfountzos, Panagiotis Vyrlas, Dimitrios Kritikos, Maria-Nektaria Ntalla** – Comparative study on the polyphenols content and antioxidant activity of local wine grape varieties from the island of Paros, Greece ..... 1293
