

PLANT DISEASE RESEARCH

VOLUME 35(1)

CONTENTS

Mini Review

- Detection of rice blast pathogen- Expedition from Petri plate to PCR tube 1
Rekha Balodi, Abhijeet Ghatak, M.K. Khokhar and J. Kumar

Fungal Pathology

- Characterization of *Rhizoctonia oryzae* associated with sheath blight complex of rice from Haryana 9
Pankaj Kumar, Anil Kumar, Ram Singh, Kushal Raj, Ram Avtar, Minakshi Jattan and Aman Kumar
- Survival of *Cercospora sojina* causing frog-eye leaf spot of soybean and impact of weather factors 14
on the disease development
Priyanka Dogra, Amar Singh and D. K. Banyal
- Efficacy of native fluorescent Pseudomonads against soil-borne phytopathogenic fungi 20
Annu Kumari Gupta, Srinivasaraghavan, A., Erayya and Subhashish Sarkhel
- Bio-efficacy of Profiler 71.1 WG against citrus foot rot disease 26
S.K. Thind, Amrinder Kaur, Ishwinder Kamboj, J.K. Arora and Sandeep Kumar
- Efficacy of fungicides for management of anthracnose (*Gloeosporium psidii*) in guava 32
Anita Arora and Kirandeep Kaur
- Management of blast (*Pyricularia grisea*) of finger millet with fungicides and biocontrol agents 36
V.P. Prajapati, R.F. Chaudhary, A.J. Deshmukh, R.P. Bambharolia and N.K. Gajre
- Compatibility of *Trichoderma* spp. with copper-chitosan graded combinations 42
Erayya, Nandani Shukla, Srinivasaraghavan, A., A.K. Tewari and J. Kumar
- Evaluation of bell pepper germplasm against Phytophthora blight 45
Awaneesh Kumar, Sandeep Kansal, Adikshita Sharma, Kishor Sharma and Kuldeep Thakur
- Influence of weather parameters on the development of ber black fruit spot (*Alternaria alternata*) 50
disease on cultivar Umran
Manjot Kaur and S. K. Thind
- Prevalence and incidence of bunt disease in major paddy growing districts of Haryana state 55
S.S. Jakhar, Sunil Kumar and Anil Kumar Malik

Virology

- Prevalence and incidence of bitter melon yellow mosaic disease in Punjab 59
Arvind Mohanan and Abhishek Sharma

Short Communications

- Efficacy of Curzate M8 72 WP against citrus Phytophthora in kinnow mandarin 64
S. K. Thind

Evaluation of bioefficacy of pydiflumetofen 7.5% + difenoconazole 12.5% w/v (200 SC) against early blight of potato <i>D. K. Banyal, Shiney Chatak, A. B. Malannavar, Ashima Thakur and Amar Singh</i>	67
Evaluation of antagonistic effect of <i>Bacillus</i> spp. against <i>Fusarium oxysporum</i> , the incitant of bitter gourd wilt <i>S. Nandhini, M. Theradimani, S. Harish and C. Rajamanickam</i>	70
Prevalence of plant parasitic nematodes associated with wheat in Punjab <i>Ramanna Koulagi</i>	74
Evaluation of maize germplasm for rust (<i>Puccinia sorghi</i>) resistance and cold tolerance in north western plain zone of India <i>Preeti Sharma, M. C. Kamboj, Narender Singh, Harbinder Singh and Prashant Chauhan</i>	77
Status, distribution and symptomatology of anthracnose disease of cucumber in Himachal Pradesh <i>Suman Kumar and Vishal Sharma</i>	83
Management of fungal foliar leaf spots using Amistar Top in American cotton <i>Daljeet Singh Buttar and Narinder Singh</i>	86
