

Plant, Soil and Environment

Volume 66, No. 1

2020

CONTENTS

ORIGINAL PAPERS

- WATSON C., CLEMENS J., WICHERN E.: Hazenite: a new secondary phosphorus, potassium and magnesium fertiliser 1
- SOHAG A.A.M., TAHJIB-UL-ARIF M., BRESTIČ M., AFRIN S., SAKIL M.A., HOSSAIN M.T., HOSSAIN M.A., HOSSAIN M.A.: Exogenous salicylic acid and hydrogen peroxide attenuates drought stress in rice 7
- SZULC P., WILCZEWSKA W., AMBROŻY-DERĘGOWSKA K., MEJZA I., SZYMANOWSKA D., KOBUS-CISOWSKA J.: Influence of the depth of nitrogen-phosphorus fertiliser placement in soil on maize yielding 14
- YANG X.X., YAN H., WANG X.H., SHANG Q.Y.: Integrated soil fertility and yield trend in response to long-term fertilisation under the Chinese double rice-cropping systems 22
- AHMED A.I., AREF I.M., ALSHAHRANI T.S.: Investigating the variations of soil fertility and *Sorghum bicolor* L. physiological performance under plantation of some *Acacia* species 33
- DONNER P., POKORNÝ J., JEŽEK J., KROFTA K., PATZAK J., PULKRÁBEK J.: Influence of weather conditions, irrigation and plant age on yield and alpha-acids content of Czech hop (*Humulus lupulus* L.) cultivars 41
- ZONG N., SHI P.L.: Clipping defoliation eliminates the stimulating effects of nitrogen enrichment on the aboveground productivity of an alpine meadow 47
