- Frankenstein's work or everyday conservation? How reintroductions are informing the de-extinction debate**
Sarah E. Dalrymple, Sandrine Godefroid, Simone OrsenigoThomas Abeli 125870
- Lessons learned as *Erica turgida* is returned**
Anthony Hitchcock, Jenny Williams and Carly Cowell 125858
- "De-extinction" in conservation: Assessing risks of releasing "resurrected" species**
Piero Genovesi and Daniel Simberloff 125838
- Use of native plants for ornamental purposes to conserve plant biodiversity: Case of study of Majella National Park**
Luciano Di Martino, Valter Di Cecco, Mirella Di Cecco, Marco Di Santo, Giampiero Ciaschetti and Giuseppe Marcantonio 125839
- Biological and ecological constraints to the reintroduction of *Eriocaulon heleocharioides* (Eriocaulaceae): A species extinct in the wild**
Yuju Horiuchi, Takashi Kamijo and Norio Tanaka 125866
- European rabbit hunting: Management changes and inertia in the governance system in a period of population fluctuations**
Vicente Piorno, Beatriz Arroyo, Miguel Delibes-Mateos, Francisca Castro and Rafael Villafuerte 125832
- Taxonomic bias in amphibian research: Are researchers responding to conservation need?**
Arthur F. da Silva, Ana C.M. Malhado, Ricardo A. Correia, Richard J. Ladle, Marcos V.C. Vital and Tamí Mott 125829
- Will de-extinction be forever? Lessons from the re-introductions of *Bromus interruptus* (Hack.) Druce**
Fred Rumsey and Peter Stroh 125835
- Using autonomous recorders and bioacoustics to monitor the globally endangered wildlife in the Annamite mountain landscape: A case study with crested argus in Song Thanh Nature Reserve**
Thinh Tien Vu and Dung Van Tran 125843
- Seed desiccation-tolerance is a common feature of threatened taxa in metalliferous tropical grasslands from southeastern DR Congo**
Sandrine Godefroid, Ann Van de Vyver, Sylvain Boisson and Grégory Mahy 125842
- Valuing a Caribbean coastal lagoon using the choice experiment method: The case of the Simpson Bay Lagoon, Saint Martin**
Sem Duijndam, Pieter van Beukering, Hanna Fralikhina, Anne Molenaar and Mark Koetse 125845
- Carbon sequestration and vegetation properties across the age of community managed exclosures in Northern Ethiopia**
Gebrehaweria Kidane Reda, Teame Gebrehiwot Kebede, Shishay Tekklay Kahsay and Berhane Hagos Gebrehiwot 125856
- Non-detriment findings for international trade in wild orchids from developing countries: A case study for *Broughtonia sanguinea* in Jamaica**
Jane E. Cohen, Hubert N. Williams, Yvette E. Strong and H.C. Elaine Fisher 125840

Lions do not change rivers: Complex African savannas preclude top-down forcing by large carnivores Jessica Comley, Christoffel J. Joubert, Nokubonga Mggatsa and Dan M. Parker	125844	Coexisting in the Peruvian Amazon: Interactions between fisheries and river dolphins Elizabeth Campbell, Jeffrey C. Mangel, Joanna Alfaro-Shigueto, Jose Luis Mena, Ruth H. Thurstan and Brendan J. Godley	125859
Wildlife response to recreational trail building: An experimental method and Appalachian case study Anna B. Miller, Roland Kays and Yu-Fai Leung	125815	The impact of pastoral activities on animal biodiversity in Europe: A systematic review and meta-analysis Ylenia Sartorello, Alberto Pastorino, Giuseppe Bogliani, Silvia Ghidotti, Ramona Viterbi and Cristiana Cerrato	125863
Red list of Natura 2000 habitat types of Poland Joanna Perzanowska and Joanna Korzeniak	125834	Rapid defaunation of terrestrial mammals in a protected Neotropical cloud forest remnant Hannah M.J. Hoskins, Niall P. McCann, Merlijn Jocque and Neil Reid	125861
Potential enlargement of the European roller' breeding range in the Carpathian Basin Orsolya Kiss, Béla Tokody, Károly Nagy and Zsolt Végyári	125841	Nature protection across countries: Do size and power matter? Germán Baldi	125860
A first attempt of citizen science in the genetic monitoring of a <i>Posidonia oceanica</i> meadow in the Italian Southern Adriatic Sea Maddalena de Virgilio, Salvatore Cifarelli, Paolo de Gennaro, Giuseppe Garofoli and Bernard Degryse	125826	Extensive horse grazing improves grassland vegetation diversity, seed bank and forage quality of artificial embankments (Rhône River - southern France): Influence of extensive horse grazing on artificial embankments Cannelle Moinardeau, François Mesléard, Hervé Ramone and Thierry Dutoit	125865
Understanding residents' perceptions of nature and local economic activities using an open-ended question before protected area designation in Amami Islands, Japan Satomi Mitsui, Takahiro Kubo and Yasushi Shoji	125857	Cattle trampling increases dormant season mortality of a globally endangered desert milkvetch Allyson B. Searle and Susan E. Meyer	125868
A call for mainstreaming geodiversity in nature conservation research and praxis Abhik Chakraborty and Murray Gray	125862	Downside in habitat restoration: Predation of artificial nests by invasive rodents in Macaronesian laurel forest Sofia F. Santos, Rúben Coelho, Ricardo S. Ceia and Jaime A. Ramos	125869
A small protected area facilitates persistence of a large carnivore in a ranching landscape Javier A. Pereira, Jeffrey Thompson, Mario S. Di Bitetti, Natalia G. Fracassi, Agustín Paviolo, Alberto F. Fameli and Andrés J. Novaro	125846	Integrating habitat risk assessment and connectivity analysis in ranking habitat patches for conservation in protected areas Nasim Kheirkhah Ghehi, Bahram Malek Mohammadi and Hamidreza Jafari	125867
