Medicinal Plants

CONTENTS

REVIEW ARTICLES

- 1. Prophylactic potential of Indian medicinal plants in the management of influenza like illness especially COVID-19** 323-337
Prafulla Parikh, Satyanshu Kumar, Tuhina Banerjee, Jyoti Kode, Vishwanath Zunjar, Raghuraj Singh, P.S. Nagar and Jinal Patel
- 2. *Clutia abyssinica* Jaub. & Spach (Euphorbiaceae): Medicinal uses, phytochemistry and pharmacological properties** 338-348
Alfred Maroyi
- 3. An overview on bacterial resistance to antibiotics, essential drivers to resistance and their extensive threats** 349-355
Wilda Onyancha, Gaurav Sharma, Sarmad Moin and Mohammad Irfan Ali

RESEARCH ARTICLES

- 4. Diversity, ethnomedicinal knowledge and conservation status of plant species in a part of North West Himalaya** 356-370
Acharya Balkrishna, Parul Saxena, Shambhu Patel, Rajiv K. Vashistha, Deepak K. Gond, Jitendra S. Butola and Balwant Rawat
- 5. Antioxidant activities, phenolic and tannin contents of paper mulberry (*Broussonetia papyrifera*) extract** 371-375
Jinda Sirita, Banthot Chomsawan, Piyada Yodsoontorn, Soonthree Kornochalart, Chaipat Lapinee and Kanlaya Jumpatong
- 6. Management of leaf blight disease caused by *Alternaria alternata* in *Gloriosa superba*** 376-380
P. Muthulakshmi, K. Rajamani and M. Boomiga
- 7. Survey of ethnomedicinal plants used by indigenous people of Nerwa range, Chopal forest division, Himachal Pradesh, India** 381-391
Jagdish Singh, Rennu Dhupper and Sandeep Sharma
- 8. *In-vitro* evaluation of the cytotoxicity, mitotoxicity and lipotoxicity potentials of *Helichrysum petiolare* Hilliard & B.L. Burt using HepG2 (C3A) Cell-lines** 392-399
Adebowale Emmanuel Aladejana, Graeme Bradley and Anthony Jide Afolayan

9. **Phytochemical analysis of *Curculigo orchioides* and its cytotoxic effect on lung adenocarcinoma cancer cell line (NCI-H522)** 400-404
Aloysius Khyahrii S, Sharanya K, Sudarshan Kini, Milan Gaurav R and Smitha Hegde
10. **Exploring novel endothelin receptor blocker as anti-hypertensive agents identified from a natural drugs library using induced fit docking and biological assay** 405-413
Jimish R. Patel, Hirak V. Joshi, Ujashkumar A. Shah and Jayvadan K. Patel
11. **Callus mediated organogenesis in *Lilium polyphyllum* D. Don : a critically endangered Astavarga plant from North Western Indian Himalaya** 414-421
Rosy Kundra, Sher Singh Samant, Vijay Kumar and Veena Pande
12. **Anatomical and biochemical studies on tuber growth and development in *Gloriosa superba* L.** 422-428
A. Anitha Divya Mary, S. Padmapriya and K. Rajamani
13. **Medicinal uses of alien plants cultivated and managed in homegardens of Limpopo province, South Africa** 429-441
Sebua Silas Semenya and Alfred Maroyi
14. **Medicinal uses of natural dye yielding plants of India** 442-456
Shilpi Aggarwal and Richa Shukla

SHORT COMMUNICATION

15. **Phytochemical analysis and antibacterial activity of *Achillea millefolium* L.** 457-462
Dolly Kain, Suresh Kumar, Amrita Suryavanshi and Atul Arya

SCIENTIFIC CORRESPONDENCE

16. **Influence of artificial ageing test on seed quality changes in *Cassia angustifolia* Vahl** 463-466
B. Venudevan, R. Geetha and M. Arumugam Pillai
17. ***Morella serrata* (Lam.) Killick (Myricaceae): Medicinal uses, phytochemistry and pharmacological properties** 467-471
Collen Musara, Adebawale Emmanuel Aladejana and Elizabeth Bosede Aladejana
18. **Medicinal and nutritional potential of *Bauhinia species*** 472-476
M. Awasthi and R. Verma
19. **Clinical management of human diarrheal diseases by Ayurvedic herbal drugs** 477-481
D.M. Tripathi
