

EDITORIAL

1063 **Two roads diverge**

CORRESPONDENCE

1064 **Research can (and should) support corporate decarbonization**
Belinda Wade and Saphira Rekker

1065 **Weakened evidence for mid-latitude impacts of Arctic warming**
Russell Blackport and James A. Screen

COMMENT

1067 **Why the divestment movement is missing the mark**
Felix Mormann

RESEARCH HIGHLIGHTS

1069 **Our choice from the recent literature**

NEWS & VIEWS

1070 **Boreal fires: Drivers of wildfire carbon emissions**
Rachel A. Loehman

1071 **Plant communities: Winter in a warming Arctic**
Anne D. Bjorkman and Elise C. Gallois

PERSPECTIVE

1074 **Achievements and needs for the climate change scenario framework**
Brian C. O'Neill et al.

REVIEW ARTICLE

1085 **Accountability and data-driven urban climate governance**
Sara Hughes, Sarah Giest and Laura Tozer

LETTER

1091 **Divergent forest sensitivity to repeated extreme droughts**
William R. L. Anderegg, Anna T. Trugman, Grayson Badgley, Alexandra G. Konings and John Shaw

ARTICLES

- 1096 **Embodied carbon emissions in the supply chains of multinational enterprises**
Zengkai Zhang et al.
- 1102 **Electrification of light-duty vehicle fleet alone will not meet mitigation targets**
Alexandre Milovanoff, I. Daniel Posen and Heather L. MacLean
