OF
ENTOMOLOGICAL RESEARCH

Vol. 44

September 2020

No. 3

CONTENTS

	PAGE
Evaluation of some insecticide modules against major insect pests and their natural enemies in rice, <i>Oryza sativa</i> L. – Atanu Seni and Bhima Sen Naik	343
Bio-efficacy and phytotoxicity of new combination of mairm-23 (Pymetrozine 29.2% w/w + Dinotefuran 11.7% w/w WDG) against brown plant hopper, <i>Nilaparvata lugens</i> (Stal.) on rice – M. Shankar, G. Sivaprasad, K. Sumalini, M.A. Aariff Khan, I. Swarnalatha Devi and R.V.T. Balazzii Naaiik	349
The effect of Yam seed (<i>Pachyrhizus erosus</i> Urban) extract on the abundance of <i>Bemisia tabaci</i> Genn. and <i>Aphis gossypii</i> Glover on eggplant plants – Asni Johari, Titik Handayani, Sri Mutia Dewi, Muswita and Ratna Sari Dewi	359
Laboratory evaluation of botanicals for their repellence and toxicity to bitter gourd gall midge <i>Lasioptera bryoniae</i> Schiner and safety to its parasitoids – M. Muthukumar, S. Sridharan and J.S. Kennedy	365
Effect of essential oils as repellent against coleopteran pests of stored produce – C. Kathirvelu, A.S. Maline and S. Sivasankari	371
Plant essential oils for the management of two serious stored pests in Egypt – Magda M. Sabbour and Shadia E. Abd El-Aziz	377
Potential of entomopathogenic fungi against the <i>Spodoptera exigua</i> and <i>S. litura</i> larvae – Saeedeh Javar and Ahmad Said Sajap	385
Study of population dynamics of whorl maggot, <i>Hydrellia philippina</i> (Ferino) and gall midge <i>Orseolia oryzae</i> (Wood-Mason) of rice in Pusa, Bihar – I. Yimjenjang Longkumer and A.K. Misra	391
Studies of the occurrence of gram pod borer, <i>Helicoverpa armigera</i> on chickpea at new alluvial zone of West Bengal – Gudipati Naveen and Shanowly Mondal Ghosh	397
Preliminary study on screening of predatory coccinellids in agricultural field and analyzing the composition, diversity of predatory beetles in Davangere, Karnataka – K. Veeresh, B.B. Hosetti and G. Sreenivasa	403

DNA barcoding as a tool supporting species identification and molecular phylogeny for Indian <i>Anopheles</i> (Diptera: Culicidae: Anophelinae) – Devinder Singh and Divya Vashist	409
Phylogenetic utility of nucleotide sequences of mitochondrial COI gene in Pentatomid bugs (Heteroptera: Pentatomidae) – Ramneet Kaur and Devinder Singh	417
A preliminary survey on the diversity of moths of the families Pyralidae and Noctuidae (Lepidoptera: Heterocera) in selected agro-ecosystems of Northern Kerala – K. Swafvan and P.M. Sureshan	421
Biology of fall armyworm, <i>Spodoptera frugiperda</i> (J.E. Smith) on maize (<i>Zea mays</i> L.) – K.C. Ahir, M.K. Mahla, R. Swaminathan, Lekha and N.L. Dangi	429
Studies on genus <i>Acosmeryx</i> Boisduval (Sphingidae: Lepidoptera) from India – Amritpal Singh Kaleka, Parminder Kaur and Devinder Singh	433
Taxonomy of Plusiinae (Lepidoptera: Noctuidae) collected from vegetable ecosystem of Karnataka – Muddasar, Venkateshalu and Suvarna Patil	439
Impact of mining activities on odonates diversity in adjacent villages of Balaram open cast project, Talcher, Angul, Odisha, India – Udayanath Sahoo and Yashaswi Nayak	449
Rhopalocera (Insecta: Lepidoptera) diversity of Zoological Survey of India Campus, Itanagar, Arunachal Pradesh – Narender Sharma and Prathana Goswami	455
The use of black soldier fly (<i>Hermetia illucens</i>) (Linnaeus) as an alternative feed in Guppy fish (<i>Poecilia reticulata</i>) – Y. Sanjaya, Suhara, Mimin Nurjhani and Mimi Halimah	463
Altitudinal gradients of ant species diversity (Hymenoptera: Formicidae) in Mount Talang, West Sumatra, Indonesia – Henny Herwina, Mustika Wulan Dari, Yaherwandi and Junichi Kojima	469
Polystyrene biodegradation using <i>Zophobas morio</i> – In-Hag Choi, Jun-Hyup Lee and Tae-Ho Chung	475
Prevalence and Identification of ectoparasites in cattle in the villages of selected Districts of Karnataka – Sneha Suma Hegde, M.P. Chitralkha, Anusuya A. Gudageri, S.V. Manasa and Geethika	479
Efficacy of turmeric powder as antimicrobial preservative in quality and storage stability of Bronze Featherback (<i>Notopterus notopterus</i>) Fishcake – Minh Phuoc Nguyen	485
Micro habitat of <i>Androctonus crassicauda</i> (Arachnida: Scorpionida: Buthidae) in Isfahan, Khuzestan and Kerman Provinces, Iran – H. Kassiri, R. Dehghani, K. Doostifar, H.R. Saberi and M. Dehghani	489
Knowledge, attitude and practice towards Crimean Congo Hemorrhagic Fever (CCHF): A survey among butchers community in Kerman city – Mohammad Amin Gorouhi, Ismaeil Alizadeh, Abbas Aghaei Afshar and Milad Ahmadi Gohari	495
