

## NUMBER 2

### DISEASES

- Current status of viral and phytoplasma diseases affecting gerbera cultivation and their management  
*K. K. Gautam, S. Kumar and S. K. Raj* ..... 133
- Biological control agents in the management of different initial population densities of *Meloidogyne javanica* in tomato  
*L. Mosahaneh, H. Charehgani, M. Abdollahi and R. Rezaei* ..... 151
- First report on pea seed-borne mosaic virus in Hungary  
*A. Almási, R. Boros, K. Salánki and B. Barna* ..... 161

### INSECT PESTS

- Eriophyoid (Acariformes: Eriophyoidea) and phytoseiid (Parasitiformes: Phytoseiidae) mite fauna of selected *Rubus* taxa (Rosaceae) with re-description of *Anthocoptes rubicolens* Roivainen and *Epirimerus rubi* (Domes)  
*G. Ripka, G. Király and Á. Szabó* ..... 167
- The whiteflies in Egypt (Hemiptera: Aleyrodidae)  
*S. Abd-Rabou and G. A. Evans* ..... 193
- Nagyelma* n. gen. for *Ennea aliena* Bavay and Dautzenberg, 1912 (Gastropoda: Eupulmonata: Streptaxidae)  
*B. Páll-Gergely and A. Hunyadi* ..... 207
- Rotundabaloghia* (*Circobaloghia*) *nagyi* sp. nov., a new uropodina mite species from a bamboo thicket (Acari: Mesostigmata)  
*J. Kontschán and A. Neményi* ..... 217
- A new *Leipothrix* species (Acari: Acariformes: Eriophyoidea) from Hungary on *Zinnia elegans* (Asteraceae)  
*G. Ripka, E. Kiss, J. Kontschán and Á. Szabó* ..... 223

A new species of <i>Isoperla</i> (Plecoptera: Perlodidae) from the Southern Carpathians, and further contributions to the fauna of the Tarcu Mts <i>D. Murányi, T. Kovács and W. Graf</i> .....	235
--	-----

Commemoration of Dr. Barnabás Nagy, a research entomologist on a mission to serve biodiversity and agrozoology <i>G. Szövényi, G. Puskás and G. Szöcs</i> .....	249
--	-----

## CHEMISTRY

Structural characteristics and content of polyphenolic compounds in healthy organs and galls induced by <i>Allodiplosis crassa</i> Kieff. and Jörg (Cecydomyiidae, Diptera) on <i>Geoffroea decorticans</i> (Hook. and Arn.) Burkart (Leguminosae) <i>I. J. Agudelo, H. Bach, R. A. Ricco and M. L. Wagner</i> .....	259
---	-----
