

Review

Heavy metals and behavioral changes in humans: Using the known to understand the unknown

47

Joshua O. Olowoyo and Liziwe L. Mugivhisa

Original

Gender- and age-related differences of hair calcium, potassium, magnesium, sodium, and phosphorus levels in children with autism spectrum disorder and speech development delay

56

Lyubov N. Chernova, Artur A. Nor, Alexandra O. Kozlova, and Andrey A. Skalny

Low ionized magnesium, vitamin D, and interleukin 6 concentrations in elderly hypertensive patients

63

Klaus Kisters, Uwe Gröber, Jürgen Vormann, Tanja Werner, Florian Woblewski, Anne Deutsch, Lukas Kisters, Ralph Mücke, Oliver Micke, Anton Krauss, and Tim Westhoff

Copper status in healthy Korean young men and its relation to their bone status

68

Mi-Hyun Kim and Mi-Kyeong Choi

Effect of melatonin on trace element distribution in lung, kidney, brain, and testicular tissues in experimental type 1 diabetes

77

Songul Doganay, Seyma Trabzon, Ayla Eren Ozdemir, Nurten Bahtiyar, and Derya Guzel Erdogan

Magnesium in internal and intensive care medicine – new role of ionized magnesium

85

Klaus Kisters, Anne Deutsch, Tanja Werner, Lukas Kisters, Ralph Mücke, Oliver Micke, Anton Kraus, Jürgen Vormann, and Uwe Gröber

Magnesium homeostasis and therapy in hypertension

91

Klaus Kisters, Hans-Georg Classen, Jürgen Vormann, Tanja Werner, Ronald Smetana, and Oliver Micke

Conference Report

Consensus conference with members of the German and Austrian Mg societies, September 17, 2020 at the Theresan Military Academy in Wiener Neustadt, Austria

97

Sepp Porta, Jürgen Vormann, Harald Gell, Michael Moser, Stefan Opresnik, and Klaus Kisters

Abstracts

40th Scientific meeting of the Society for Magnesium Research
Online, November 17, 2020

98

Organizers: A. Kraus, K. Kisters, and O. Micke
