

AGROCHIMICA

International Journal of Plant Chemistry,
Soil Science and Plant Nutrition
of the University of Pisa

Vol. 65 - No. 2 - April-June 2021

- K. KAUR, B. ASTHIR - Evaluation of ascorbic acid effect on terminal heat stress responses in wheat (*Triticum aestivum* L.) grains pag. 101
- C. FATTORINI, R. BERNARDI, M.F. QUARTACCI, F. MASCAGNI, G. CARUSO, A. CAVALLINI, R. GUCCI, L. NATALI - Expression of genes involved in metabolism and transport of soluble carbohydrates during fruit ripening in two cultivars of *Ficus carica* L. pag. 117
- L.G. MAWLONG, B.C. VERMA, M. KUMAR, D. THAKURIA, RAMKRUSHNA G. IDAPUGANTI, R. KUMAR - Impact of nutrient management options on biochemical properties of an acidic soil..... pag. 137
- A. VIVIANI, M. FAMBRINI, T. GIORDANI, C. PUGLIESI - L-Ascorbic acid in plants: from biosynthesis to its role in plant development and stress response pag. 151
- C. THIYAGARAJAN, J. DEEPAKARAN, A. KUMAR, A. KUMAR SHUKLA - Boron fertilization improves growth, yield, boron uptake and quality of beetroot (*Beta vulgaris* L.) pag. 173
- M.M.N. ALLA, N.M. HASSAN - Effect of imazethapyr on *Zea mays* L. in the presence of the safener naphthalic anhydride or the cytochrome inhibitor 1-aminobenzotriazole pag. 187
