

## CONTENTS

### Review article

- 311 Review of jellyfish trophic interactions in the Baltic Sea  
*Ina Stoltenberg, Jan Dierking, Dörthe C. Müller-Navarra  
and Jamileh Javidpour*

### Original articles

- 327 Influence of fragment size on post transplantation  
growth and survival of domed scleractinian corals  
*Shu Qin Sam, Chin Soon Lionel Ng,  
Yuichi Preslie Kikuzawa, Tai Chong Toh,  
Wan Ting Sim and Loke Ming Chou*
- 341 Does the Atlantic horse mackerel  
*Trachurus trachurus* (Teleostei: Carangidae)  
differentiate morphologically within the putative  
Moroccan-Saharan stock?  
*Hayat El Mghazli, Mohammed Znari, Abdelaziz Mounir,  
Hassan Benaissa and Hassan El Ouizgani*
- 350 Differences in the concentrations of trace elements  
among different hard structures and their potential  
application in species identification: a case study on  
Loliginidae cryptic species  
*Zhou Fang, Yue Jin, Xinjun Chen and Yan Wang*

### Report

- 362 First record of the mating system in the grey  
smoothhound shark (*Mustelus californicus*)  
*Alexis O. Tárula-Marín and Nancy C. Saavedra-Sotelo*

### Original articles

- 369 Hypoxia exerts oxidative stress and changes in  
expression of antioxidant enzyme genes in gills of  
*Mytilus galloprovincialis* (Lamarck, 1819)  
*A.Y. Andreyeva, O. L. Gostyukhina, E. S. Kladchenko,  
D. A. Afonnikov, D. A. Rasskazov, A. O. Lantushenko and  
E. A. Vodiasova*
- 380 Baleen whale distribution, behaviour and overlap  
with anthropogenic activity in coastal regions of the  
New York Bight  
*Carissa D. King, Emily Chou, Melinda L. Rekdahl,  
Sarah G. Trabue and Howard C. Rosenbaum*
- 401 Phylogeographic analysis of *Thyrsites atun* (Perciformes:  
Gempylidae) reveals connectivity between fish from  
South Africa and Chile  
*Mathias Hüne, Pablo A. Oyarzún, Pablo Reyes,  
Gladys Rivera and Mario Montecinos*
