- Reconciling agriculture production with biodiversity conservation**, Paolo Barberi and Anna-Camilla Moonen. Burleigh Dodds Science Publishing Limited, Cambridge, UK (2020). 264 pp., 15.2×22.9×1.5 cm, £150.00, ISBN: 978-1-78676-348-8 (hardback)
Govindasamy Agoramoorthy 125930
- Whitewashing improves relocated nest occupancy in the white stork: An experimental test of public information**
Adam Zbyryt, Tim H. Sparks and Piotr Tryjanowski 125929
- Restoration of rare bryophytes in degraded rich fens: The effect of sod-and-moss removal**
Patricja Singh, Ester Ekrtoová, Eva Holá, Táňa Štechová, Stanislav Grill and Michal Hájek 125928
- Assessment of wildlife crime in a high-biodiversity region of Mexico**
Carlos A. Masés-García, Miguel Briones-Salas and Javier Enrique Sosa-Escalante 125932
- European eel restocking programs based on wild-caught glass eels: Feasibility of quarantine stage compatible with implementation of prophylactic measures prior to scheduled reintroduction to the wild**
Natacha Delrez, Haiyan Zhang, François Lieffrig, Charles Mèlard, Frédéric Farnir, Maxime Boutier, Owen Donohoe and Alain Vanderplasschen 125933
- Species-based or process-based conservation? Dealing with neophytes in the core areas of German national parks**
Janneke Westermann and Goddert von Oheimb 125924
- Land consolidation negatively affects farmland bird diversity and conservation value**
Katarina Denac and Primož Kmecl 125934
- Economic evaluation of ecological restoration options in gypsum habitats after mining**
Juan Lorite, Miguel Ballesteros, Helena García-Robles and Eva M. Cañadas 125935
- Effectiveness of crossings as wildlife passages for mammals in the Yungas of Argentina**
Johan Baechli, Sebastián Albanesi and Laura M. Bellis 125944
- Tortoise mortality along fence lines in the Karoo region of South Africa**
Alan T.K. Lee, Matt B. Macray, Peter G. Ryan and Graham J. Alexander 125945
- Recreational fisheries activities and management in national parks: A global perspective**
Emina Alic, Lindsay L. Trottier, William M. Twardek, Lindsay L. Bennett, Sarah Chisholm, Philippe Tremblay, Erik Tuononen, Joseph R. Bennett, Shannon D. Bower, Robert J. Lennox, Andy J. Danylchuk and Steven J. Cooke 125948
- An examination of the import of live reptiles from Indonesia by the United States from 2000 to 2015**
Jordi Janssen and Lalita Gomez 125949
- Human footprint defining conservation strategies in Patagonian landscapes: Where we are and where we want to go?**
Yamina Micaela Rosas, Pablo L. Peri, Anna M. Pidgeon, Natalia Politi, Julieta Pedrana, Ricardo Díaz-Delgado and Guillermo Martínez Pastur 125946

Preliminary assessment of the conservation status of timber species in the threatened piedmont dry forest of northwestern

Argentina

Paula Návaro, Luis Rivera,
Guillermo Martínez Pastur, Fabio Alabar and
Natalia Politi

125947

Genetic assignment of captive European pond turtles (*Emys orbicularis*) increases conservation value of recovery centres

Guillermo Velo-Antón, Paulo Pereira and
Duarte V. Gonçalves

125953

Impact of anthropogenic factors on occupancy and abundance of carnivorans in the Austral Atlantic forest

Victoria Graves, Flávia Tirelli, Maria Joao Pereira,
Carlos Fonseca, Paula Horn, Lana Resende,
Gisele Bolze and Jordani Dutra

125951

Illegal wildlife trade is threatening conservation in the transboundary landscape of Western Himalaya

Yadav Uprety, Nakul Chettri, Maheshwar Dhakal,
Hugo Asselin, Ramesh Chand and
Ram P. Chaudhary
