

CONTENTS

Bacteria and phytoplasmas/Bactéries et phytoplasmes

- Systemic colonization of potato plants resulting from potato haulm inoculation with *Dickeya solani* or *Pectobacterium parmentieri*
P. Kastelein, M.G. Förch, M.C. Krijger, P.S. van der Zouwen, W. van den Berg and J.M. van der Wolf 1

Disease Control/Moyens de lutte

- Management of powdery mildew, caused by *Erysiphe cruciferarum*, on wasabi (*Wasabia japonica*) plants in British Columbia
E.C. Betz and Z.K. Punja 16

- Action of thymol, carvacrol and eugenol on *Penicillium* and *Geotrichum* isolates resistant to commercial fungicides and causing postharvest citrus decay
H. Moussa, B. El Omari, H. Chefchaou, M. Tanghort, A. Mzabi, N. Chami and A. Remmal 26

- Management of powdery mildew on greenhouse cucumber (*Cucumis sativus* L.) plants using biological and chemical approaches
L. Ni and Z. K. Punja 35

Disease reports and disease diagnostics/Rapports des maladies

- Occurrence of collar rot caused by *Athelia rolfsii* on soybean in China
B. Zheng, D. He, P. Liu, R. Wang, B. Li and Q. Chen 43

Epidemiology/Épidémiologie

- Structure and diversity of *Fusarium* communities inhabiting non-cultivated grass inflorescences in New York State
M. R. Fulcher, E. D. Oladipo, J. B. Winans, M. Quan and G. C. Bergstrom 48

- Characterisation of *Fusarium* species infecting tomato in Mwea West Sub-county, Kirinyaga County, Kenya
M. W. Mwangi, W. M. Muiru and J. W. Kimenju 56

- Characterization of Septoria brown spot disease development and yield effects on soybean in Illinois
H. Lin, M. B. Villamil and S. X. Mideros 62

- Effect of temperature on aggressiveness of *Plasmopara viticola* f. sp. *aestivalis* and *P. viticola* f. sp. *riparia* from eastern Canada
R. A. Mouafo-Tchinda, C. Beaulieu, M. L. Fall and O. Carisse 73

- The diverse mycoflora present on dried cannabis (*Cannabis sativa* L., marijuana) inflorescences in commercial production
Z. K. Punja 88

- Races of *Puccinia graminis* on barley, oat, and wheat in Canada in 2013 and 2014
T. Fetch, J. Mitchell Fetch, T. Zegeye and A. Xue 101

Host-pathogen interactions/Interactions hôte-pathogène

- Induction of resistance to *Meloidogyne graminicola* in rice
M. R. C. Soares and C. R. Dias-Arieira 108

Genetics and resistance/Génétique et résistance

Fusarium head blight resistance in F₁ hybrid spring wheat

J. Leier, S. Daba, A. Friskop, B. Johnson, J. Rasmussen, S. Simsek and A. Green

118

Genomics and bioinformatics/Génomique

Transcriptome analysis of two lines of *Brassica oleracea* in response to early infection with *Xanthomonas campestris* pv. *campestris*

Q. Sun, E. Zhang, Y. Liu, Z. Xu, M. Hui, X. Zhang and M. Cai

127

Molecular plant pathology/Pathologie moléculaire

Screening of pathogenicity-deficient *Fusarium oxysporum* mutants established by *Agrobacterium tumefaciens*-mediated transformation

Y. Dong, X. Meng, Y. Wang, T. Hu, S. Wang and K. Cao

140

Soilborne diseases/Maladies telluriques

Characterization of clubroot (*Plasmodiophora brassicae*) from canola (*Brassica napus*) in the Peace Country of Alberta, Canada

S. E. Strelkov, S. Hwang, V. P. Manolii, G. Turnbull, R. Fredua-Agyeman, K. Hollman and S. Kaus

155

Pathogenicity and host range of *Fusarium* species associated with pea root rot in Alberta, Canada

S. Safarieskandari, S. Chatterton and L. M. Hall

162

Virology/Virologie

Evaluation of disease severity caused by *Bean golden mosaic virus* in different bean cultivars

A. T. De Freitas-Vanzo, C. C. Da Silva, T. G. De Novaes, D. Mazzieri Walz, F. C. Marcelino Guimarães,

M. K. Kuwahara, R. De Oliveira Molina and R. P. Leite Junior

172

Field evaluation for rhizomania resistance of transgenic sugar beet events based on gene silencing

S. Safar, M. Bazrafshan, M. Khoshnami, A. A. Behrooz, F. Hedayati, M. Maleki, S. B. Mahmoudi and M. A. Malboobi

179
