

CONTENTS

Articles

- OZAWA, S., MAEHARA, N., AIKAWA, T., YANAGISAWA, K. & NAKAMURA, K.— Occurrence of two species of *Bursaphelenchus* (Nematoda: Aphelenchoididae) in the reproductive organs of *Monochamus saltuarius* (Coleoptera: Cerambycidae)..... 485-494
- VAZIFEH, N., NIKNAM, G., NAGHAVI, A., JABBARI, H. & PEÑA-SANTIAGO, R.— Description of *Aporcella minor* sp. n. (Dorylaimida: Aporcelaimidae) from Iran, with an updated taxonomy of the genus..... 495-506
- SUBBOTIN, S.A. & KIM, D.— Molecular characterisation and phylogenetic relationships of sedentary nematodes of the genus *Meloinema* Choi & Geraert, 1974 (Nematoda: Tylenchida)..... 507-515
- HEYDARI, F. & PEDRAM, M.— Description of *Ektaphelenchus masseyi* n. sp. (Rhabditida: Ektaphelenchinae) found in dead wood, from Iran..... 517-528
- KIDANE, S.A., MERESSA, B.H., HAUKELAND, S., HVOSLEF-EIDE, T., MAGNUSSON, C., COUVREUR, M., BERT, W. & COYNE, D.L.— Occurrence of plant-parasitic nematodes on enset (*Ensete ventricosum*) in Ethiopia with focus on *Pratylenchus goodeyi* as a key species of the crop..... 529-541
- GUERRA, M., PABA, G., CUBILLÁN, N., PORTILLO, E., CASASSA-PADRÓN, A.M., ABALLAY, E. & SAN-BLAS, E.— Sequential spectral changes of *Meloidogyne enterolobii*-infected plants using two dimensional correlation IR spectroscopy..... 543-557
- MWAMULA, A.O., LEE, G., KIM, Y.H., KIM, Y.H., LEE, K.-S. & LEE, D.W.— Molecular phylogeny of several species of Hoplolaimina (Nematoda: Tylenchida) associated with turfgrass in Korea, with comments on their morphology..... 559-576
- LAZNIK, Ž., MAJÍČ, I., TRDAN, S., MALAN, A.P., PIETERSE, A. & ROSS, J.L.— Is *Phasmarhabditis papillosa* (Nematoda: Rhabditidae) a possible biological control agent against the Spanish slug, *Arion vulgaris* (Gastropoda: Arionidae)?..... 577-585

Short communications

- KANZAKI, N.— Isolation of *Bursaphelenchus macromucronatus* from commercialised artificial larval diet for stag beetles in Japan..... 587-596
- ODUORI, C.A., ATANDI, J., KISA AKYE, J. & COYNE, D.— Cocoyam (*Colocasia esculenta*) provides an effective monoxenic culture media for *Radopholus similis*..... 597-599
