

Volume 86 Issue 1
February 2021

| | |
|---|------|
| Encouraging of embryo development and seed germination in <i>Actaea racemosa</i> L. by gibberellic acid I.M. Pinker T. Degischer A.-Chr. Rath R. Schenk | › 5 |
| Germination and seedlings response of bermudagrasses under water submersion M. Giolo R. Masin S. Macolino A. Onofri | › 14 |
| An improved micropropagation via nodal segments of <i>Zingiber officinale</i> R.R. Wang C.C. Liu L.J. Wang M.Y. Yuan M.Y. Zeng J. Li Z.K. Tang | › 21 |
| Microscopic evidence of Nectriaceae and other microbes in infected fine root tissue of replant diseased apple plants G. Grunewaldt-Stöcker C. Popp D. Wamhoff E. Maiss T. Winkelmann | › 29 |
| Rootstocks induce shifts in tree vigor, yield and berry quality of 'Summer Black' grapevines Yonggang Yin Nan Jia Minmin Li Changjiang Liu Junwei Yuan Bin Han Yan Sun Shengjian Zhao Zijuan Guo | › 41 |
| Chemometric characterization of monovarietal olive oils obtained from local varieties in Castilla-La Mancha region (Spain) S. Díaz-Díaz A. Rabadán M. Álvarez-Ortí M. Suárez J.E. Pardo | › 49 |
| Plant protection in private gardens in Germany: between growing environmental awareness: knowledge and actual behaviour N. Petzke B. König W. Bokelmann | › 59 |
| Role of antioxidant enzymes and plant performances towards heavy metal stress in ornamental sunflower by vermicompost implementation F. Mojdehi M. Taghizadeh A.H. Baghaie M. Changizi S. Khaghani | › 69 |
| Foliar application of sodium nitroprusside and salicylic acid alleviates the adverse effects of alkaline soil on roses M. Moazam Babasheikhali Z. Jabbarzadeh J. Amiri M. Barin M. Razavi | › 78 |
| Tree-adapted mechanical flower thinning prevents yield loss caused by over-thinning of trees with low flower set in apple M. Penzel M. Pflanz R. Gebbers M. Zude-Sasse | › 88 |
