

CONTENTS

Review

- 73 Knowledge transfer from experienced to emerging aquaculture industries in developing countries: the case of shrimp and pangasius in Bangladesh
Imranul Islam, Max Nielsen, Badiuzzaman Badiuzzaman, and Birgit Schulze-Ehlers

Articles

- 96 Effect of feeding frequency on water quality, growth, and hematological parameters of Nile tilapia *Oreochromis niloticus* reared using biofloc technology
Hamilton Hisano, Victor Rossi Pinheiro, Marcos Eliseu Losekann, and Mariana Silveira Guerra Moura e Silva
- 111 Estimating cage farming capacity of data-poor mariculture sectors in the Eastern Mediterranean
Evangelos Konstantinidis, Costas Perdikaris, Christos Batzios, Basile Michaelidis, and Konstantinos Ganias
- 126 Utilization of grape seed oil as a dietary lipid source in rainbow trout (*Oncorhynchus mykiss*) diets
Abbas Zamani, Maryam Khajavi, Aboozar Moafi, and Enric Gisbert
- 150 Effect of temperature and duration of immersion on the stability of prepared feeds in echinoculture
Marco Secci, Maria Paola Ferranti, Angelica Giglioli, Viviana Pasquini, Doriana Sicurelli, Giovanni Fanelli, and Ermelinda Prato
- 165 Sudden increased mortality in large seemingly healthy farmed Atlantic salmon (*Salmo salar* L.) was associated with environmental and dietary changes
J-E. Dessen, T. K. Østbye, B. Ruyter, M. Bou, M. S. Thomassen, and K-A. Rørvik
