

AGRICULTURAL MANAGEMENT

- Hrabrin Bachev, Bojidar Ivanov and Angel Sarov** – Assessing governance aspect of agrarian sustainability in Bulgaria 429
- Nahanga Verter, Ivo Zdrahal, Barbora Dankova and Winifred Udende** – Trade performance of the ten most traded agri-food products between Nigeria, EU28 and ECOWAS 441
- Dewi Dzakiroh, Suwanto and Heru Irianto** – Empowerment strategies for coffee farmers based on the SOAR Analysis: A case study in the Dieng Mountains 453

AGRICULTURAL ECONOMICS

- Remzi Keco and Irena Gjika** – Value chain coordination and standards: the case of greenhouse vegetables in Albania 469
- Peter Karacsony and Mikhail V. Vinichenko** – Analysis of the motivation of agricultural workers in Bulgaria and Hungary 479
- Pawana Nur Indah, Risqi Firdaus Setiawan, Hamidah Hendrarini, Endang Yektingsih and Rifan Jefri Sunarsono** – Agriculture supply chain performance and added value of cocoa: a study in Kare village, Indonesia 487

SUSTAINABLE AGRICULTURE

- Mariana Hristova, Milena Harizanova and Irena Atanasova** – Assessment of physicochemical and agrochemical indicators of the composting process 498
- Irina Anikina, Elena Oves, Zhanna Adamzhanova and Nursultan Kaynidenov** – Use of cell selection tools in the creation of agricultural crop varieties resistant to abiotic stress 505

ECOLOGICAL FARMING

- Elena Evgenievna Kuzina, Alexander Nikolaevich Arefyev and Evgeny Nikolaevich Kuzin** – Influence of diatomite and its combinations with manure on the fertility of leached black earth soil (chernozem) and on the yield of vegetable crops 512
- Hriska Boteva, Tsvetanka Dintcheva and Boyan Arnaudov** – Growing of green beans in open field by application of biofertilizers 519
- Natalia Georgieva, Ivelina Nikolova and Grozi Delchev** – Response of spring vetch (*Vicia sativa* L.) to organic production conditions 524

PLANT SCIENCE

- Sofia Petrova** – Chickpea plant model for the climatic conditions of the Sadovo region according to the yield components 531
- Ahmed Mehmed, Stanimir Enchev and Stanislav Bozhimirov** – Assessment of initial material for stevia selection (*Stevia rebaudiana* B.) 536

PLANT GENETICS AND GENOMICS

- Gergana Desheva, Bozhidar Kyosev, Maria Sabeva and Manol Deshev** – Genetic variation of gliadins and some quality characteristics in spelt wheat 541
- Vanya Ivanova, Stilyana Velikova and Dimitrina Nikolova** – Physiologic specialization of *Puccinia triticina* Erikss. and effectiveness of *Lr* genes in Bulgaria 555

PLANT PATHOLOGY AND PROTECTION

Surbhi Gupta and Nidhi Didwania – Role of medicinal plants as green pesticides against *Alternaria blight* 562

Teodora Popova, Penka Vasileva, Ivan Stoyanov, Iliyana Ilieva, Teodora Staykova and Evgeniya Ivanova – Cytotoxic and mutagenic effects of pesticides Verita WG and Actara 25 WG on sweet pepper (*Capsicum annuum* L.) and onion (*Allium cepa* L.) 569

AGROCHEMISTRY, SOIL SCIENCE AND ECOLOGY

Martin Banov, Nikola Kolev and Pavel Milenov – Technological framework for precise management of the system “soil-plants-ground atmosphere” 575

Vesela Petrova-Branicheva – Effects of different irrigation technologies on irrigation scheduling and production of onion 582

Elena Dimcheva, Stanimir Enchev and Tzvetan Kikindonov – Effect of mineral and organic fertilization on the dynamics of biomass accumulation of sugar and fodder beet 588

ANIMAL SCIENCE

Edhem Haskovic, Tidza Muhic-Sarac, Maja Lukic, Maja Marjanovic, Sabina Zero and Erna Islamagic – Determination of heavy metals in liver and skeletal muscles of pigs and calves: experience from Bosnia and Herzegovina 593

Ina Stoycheva – Feeding ewe lambs replacing sunflower meal with soybeans and peas 600

Pere Miquel Parés-Casanova and Laura Junquera-Muñoz – Ultrasonographic study of the plantar region of the hindlimb in a pure breed Catalan donkey 604

VETERINARY SCIENCE

Albena Dimitrova, Simeon Yordanov and Krasimira Petkova – Characterization of *Escherichia coli* strains isolated from pigs in semi-industrial swine farm importing gilts pigs from Western European country 608

FOOD SCIENCE AND TECHNOLOGIES

Arbenita Hasani, Renata Kongoli, Artiona Laze, Olga Popovska and Edmond Rexhepi – Production of a pasteurized functional drink containing wheatgrass and apple juice 615

AGRICULTURAL ENGINEERING

Yanko Aleksandrov – Construction of green roofs and walls, hanging gardens and water cascade for an extension between the Alvar Aalto Museum and the Museum of Central Finland 625
