

AGROCHIMICA

International Journal of Plant Chemistry,
Soil Science and Plant Nutrition
of the University of Pisa

Vol. 65 - No. 1 - January-March 2021

M. KAUR, B. ASTHIR, G. KAUR - Biosynthesis of nitric oxide and cross talk with other signaling molecules in abiotic stress tolerance	pag. 3
S. KALISZ, M. KIELISZEK - Influence of storage conditions on selected quality characteristics of blue honeysuckle berry juice	pag. 25
S. BALA, B. ASTHIR, M.S. TAGGAR, M. GOYAL, N.S. BAINS, A. SHARMA, P. CHHUNEJA - Grain carbon metabolism and stem reserve mobilization compensate high temperature stress in wheat	pag. 39
I.A. HASSAN, R. EL DAKAK, N.S. HAIBA, W. ABD ELMEGEID, M. EL-SHEEKH, S.A. RAHMAN, J. BASAHI, A. SUMMAN, I. ISMAIL - Biochemical and physiological response of rice (<i>Oryza sativa</i> L.) plants to copper oxide nanoparticle stress	pag. 53
A. BATJUKA - Modulation of the alternative respiratory pathway to increase tolerance against heat stress of <i>Triticum aestivum</i> by chemical treatment	pag. 69
C. CECCANTI, G. LAURIA, A. DAVINI, L. INCROCCI, L. GUIDI, A. PARDOSSI, M. LANDI - Visual quality and nutraceutical properties upon storage of <i>Sanguisorba minor</i> Scop. proposed as a new fresh-cut product.....	pag. 83
