

**CONTENTS**

**Original articles**

- 415 Spatial patterns and key drivers of zooplankton in the north central Indian Ocean  
*H.B.U.G.M. Wimalasiri, W.R.W.M.A.P. Weerakoon, R.P.P.K. Jayasinghe and P. Dalpadado*
- 434 Nine new records of brittle stars (Echinodermata: Ophiuroidea) from Indian waters  
*Usha V. Parameswaran, Aiswarya Gopal, K. U. Abdul Jaleel and N. Saravanane*
- 454 Fauna associated with non-native *Sargassum muticum* (Fucales, Phaeophyceae) vary with thallus morphology and site type (sounds and bays)  
*Kjersti Sjøtun, Caroline S. Armitage, Mette Eilertsen and Christiane Todt*
- 467 A histology-free description of *Tetrastemma cupido* sp. nov. (Nemertea: Eumonostilfera) from Sagami Bay, Japan  
*Natsumi Hookabe, Hisanori Kohtsuka and Hiroshi Kajihara*
- 475 First record of stonefish metabolism: baseline respiration and spontaneous activity of tropical marine *Synanceia verrucosa*  
*Andreas Kunzmann*

**Short Report**

- 486 Bathymodiolinae Mussels in the South-eastern Pacific: the presence of the genus *Adipicola* (Bivalvia: Mytilidae) at a methane seep site off central Chile  
*Javier H. Signorelli, Javier Sellanes and Cynthia M. Asorey*

**Original articles**

- 494 Redescription of the type species of the genus *Cassidinidea* Hansen, (Crustacea: Isopoda: Sphaeromatidae), with notes on geographic distribution of the New World species  
*Valiallah Khalaji-Pirbalouty and Niel L. Bruce*
- 503 Mito-nuclear discordance in West African mangrove crab species (Decapoda: Brachyura: Sesarmidae) suggests uni-directional mitochondrial introgression, despite prolonged evolutionary independence  
*Adnan Shahdadi, Pierre A. Mvogo Ndongo and Christoph D. Schubart*
- 513 A preliminary investigation of epibiotic macrofauna on the mangrove horseshoe crab *Carcinoscorpius rotundicauda* (Latreille, 1802) in Singapore  
*LIM Chin Sing, TAN Lester Jin Xiang, NEO Mei Lin, TEO Serena Lay Ming, BENG Stephen Sui Leung, NADARAJAN Saravanan and TUN Karenne*
- 523 Night underwater rides: the activity of a sandy beach gastropod is affected by interactive effects of light availability and water level  
*Helio H. Checon, Mariana Silva, Guilherme N. Corte, Leonardo Q. Yokoyama, M. Alexandra Teodósio and Alexander Turra*
- 529 New data on distribution of muscle and serotonin-containing cells in larvae of diadematid sea urchins from Nha Trang Bay (South China Sea)  
*S. S. Dautov*
