

*AGRICULTURAL MANAGEMENT*

- Hrabrin Bachev** – Agro-ecosystem services management of Bulgarian farms ..... 1023
- Fabio Maria Santucci, Roberta Callieris and Delizia del Bello** – Organic olive oil in Italy: a missed opportunity? ..... 1039
- Jamhari Jamhari, Gilang Wirakusuma, Agus Dwi Nugroho and Zoltan Lakner** – Regional market integration, covid-19, and agricultural trade performance in Southeast Asia ..... 1051
- Milena Panayotova, Jivko Krastanov, Ivan Varlyakov, Todor Stoyanchev and Ivajlo Marinov** – SWOT analysis for supporting development of the grazing livestock meat production sector in Bulgaria through the GREENANIMO project activities ..... 1065

*AGRICULTURAL ECONOMICS*

- Vida Dabkienė** – The comparative analysis of Lithuanian farms economic performance in the context of selected EU countries ..... 1074
- Baseedy Bojang and Alieu Gibba** – The global competitiveness of West African cashew exporters ..... 1084

*SUSTAINABLE AGRICULTURE*

- Mst. Rokeya Khatun and Hisashi Kato-Noguchi** – Growth inhibition of six test plants by *Stephania japonica* (Thunb.) Miers leaf extracts is an indication of allelopathic activity ..... 1093
- Usman Pato, Yusmarini Yusuf, Shanti Fitriani, Tartila, Fani Fadilah, Latifa Husnaini, Rahma Yeni, Indra Fuadi and Rachmiwaty Yusuf** – Optimization of bacteriocin production by *Pediococcus pentosaceus* 2397 in Inhibiting *Pectobacterium carotovorum* subsp. *carotovorum* ..... 1100
- Geraldin M. W. Lengai, Ernest R. Mbega and James W. Muthomi** – Activity of ethanolic extracts of spices grown in Tanzania against important fungal pathogens and early blight of tomato ..... 1108

*ECOLOGICAL FARMING*

- Laysa Gabryella de Souza Laurentino, Lúcia Helena Garófalo Chaves, Antônio Ramos Cavalcante, Jean Pereira Guimarães, Felipe Guedes de Souza, Washington Benevenuto de Lima, Hugo Orlando Carvalho Guerra** – Biochar as substrate conditioner in the development of melon seedlings ..... 1118

*PLANT SCIENCE*

- Md. Amirul Alam, Anith Awatif Binti Hafizuddin, Januarius Gobilik, Salumiah Binti Mijin and Mohammad Moneruzzaman Khandaker** – Evaluation of best quality okra parental lines based on morpho-physiological and nutritional attributes ..... 1127
- Valentin Kosev and Natalia Georgieva** – Comparative assessment of broad bean (*Vicia faba* L.) accessions regarding some main traits and parameters ..... 1136
- Toshka Popova and Darina Valcheva** – Analysis of two-row barley accessions by commercial traits for selection purposes ..... 1143
- Nikolay Nikolov, Violeta Nikolova, Venelina Popova and Dimitar Drachev** – Comparative analysis and complex technological evaluation of Burley tobaccos imported and produced in South Bulgaria tobacco region ..... 1147

## PLANT PATHOLOGY AND PROTECTION

- Teodora Marius Teofilova** – Ground beetles in Bulgarian oilseed rape fields and adjacent actively grazed pastures (Coleoptera: Carabidae)..... 1153
- Yucel Karaman and Nihat Tursun** – Germination biology of Field Bindweed seeds collected from different provinces..... 1168

## ANIMAL SCIENCE

- Sonya Ivanova, Jivko Nakev, Tanya Nikolova, Desislava Vlahova-Vangelova, Dessislav Balev, Stefan Dragoev, David Gerrard, Lilia Grozlekova and Desislava Tashkova** – Effect of new livestock feeds' phytonutrients on productivity, carcass composition and meat quality in pigs ..... 1178
- Vasko Gerzilov and Madlena Andreeva** – Effect of three extenders on the motility and morphological characteristics of spermatozoa in diluted Muscovy semen stored at 4°C up to 120 hours..... 1187
- Olga Burmistrova, Evgeny Burmistrov, Natalya Naumova, Julia Betz, Irina Rodionova and Nina Kolobkova** – Effectiveness of stinging nettle using in the ration of the rabbits ..... 1194
- Penka Moneva, Marina Tsaneva, Ivan Yanchev, Nikola Metodiev and Dimitar Gudev** – Dynamics of leukocytes and cytokines after shearing in pregnant ewes with low and high hematocrit levels ..... 1203
- Dimitar Panayotov** – Study on carcass characteristics in Boer goat kids..... 1212
- Radostina Guncheva, Panomir Tsenov and Yolanda Vasileva** – Productivity of newly created F<sub>1</sub> tetrahybrids of the silkworm *Bombyx mori* L. reared with artificial diet low in mulberry powder ..... 1221
- Vasilka Krasteva, Maria Yankova and Tania Hubenova** – Comparing the anesthetic effect of clove and peppermint oil in juvenile European catfish, *Silurus glanis* (Linnaeus, 1758)..... 1227

## ANIMAL GENETICS AND GENOMICS

- Nadejda Lukanova, Radostina Stoykova-Grigorova and Katerina Stefanova** – First detection of the DMRT3 „Gait Keeper” mutation in horse breeds in Bulgaria..... 1233
- Atanaska Teneva and Ivona Dimitrova** – Application of DNA markers for the assessment and characterization of genetic resources in sheep breeding..... 1238

## FOOD SCIENCE AND TECHNOLOGIES

- Dimitar Panayotov** – Study on chemical composition, fatty acid composition and technological quality of meat in Boer goat kids..... 1248
