

CONTENTS

Original article

- 775 Impacts of anthropogenic contaminants and elevated temperature on prevalence and proliferation of *Escherichia coli* in the wild-caught American oyster, *Crassostrea virginica* in the southern Gulf of Mexico coast
Mohammad Maruf Billah and Md Saydur Rahman

Review article

- 794 Genomic attributes and recent advances in detection of white spot syndrome virus in shrimp: a review
Md Nazmul Hossain, Tanjia Afrin Chowdhury, Mahmudul Hasan, Kazi Faizul Azim, Sayadatunnasa Jenny, Muhammad Fazle Rabbee, Md. Mahbubur Rahman and Saneya Risa Somana

Original articles

- 815 Conserve immatures and rebound the potential: stock status and reproduction of whiting (*Merlangius merlangus* [Linnaeus, 1758]) in the Western Black Sea
Taner Yildiz, Uğur Uzer, Emre Yemişken, F. Saadet Karakulak, Abdullah E. Kahraman and Özgür Çanak
- 828 Filling in data gaps on the phaeton dragonet [*Synchiropus phaeton* (Günther, 1861)]: a study on biological characteristics in the eastern Mediterranean (Aegean Sea, Greece)
Georgios Vagenas, Charis Apostolidis, Aikaterini Dogrammatzi and Paraskevi K. Karachle
- 838 Reproductive cycle of sea urchin *Echinometra vanbrunti* (Echinodermata: Echinoidea) from the Gulf of California
Ana Gloria Villalba Villalba, Lerma Hanaiy Chan Chan, Irlanda Lagarda Diaz, Naomi Yerith Reyes Jiménez, Christian Minjarez Osorio, Reina Castro Longoria and Amir Maldonado Arce
- 853 Fecundity pattern and spawning dynamics of the common cuttlefish *Sepia officinalis*
Konstantinos Ganiats and Irini-Fotini Kompogianni
- 862 Characterization of hydrological features and plankton during neap tides in a subtropical lagoon south of the California Current
René Funes-Rodríguez, Rafael Cervantes-Duarte, María del Carmen Jiménez-Quiroz, Sergio Hernández-Trujillo, Rogelio González-Armas, Sofía A. Barón-Campis, Eduardo Anaya-Godinez and Francisco Barrón-Barraza

- 876 Scraping and grazing herbivorous/detritivorous fish display opposite feeding behaviours under different protection regulations
Nathan William Price, Kao-Sung Chen, Chaolun Allen Chen and Colin Kuo-Chang Wen
- 892 Shell shape as an indicator of phenotypic stocks of Tehuelche scallop in Northern Patagonia, Argentina
Leandro Nicolás Getino Mamet, Gaspar Soria, Laura Schejter and Federico Márquez
- 904 Canal differentiation in multiporate conceptacles of Mesophyllaceae (Corallinales, Rhodophyta), with recognition of *Thallis* gen. nov. from South Africa, and *Perithallis* gen. nov., *Printziana* gen. nov. and *Sunesonia* gen. nov. from southern Australia-New Zealand-Chatham
Athanasios Athanasiadis
- 946 Two new species of the marine flatworm *Pericelis* (Platyhelminthes: Polycladida) from southwestern Japan with an amendment of the generic diagnosis based on phylogenetic inference
Aoi Tsuyuki, Yuki Oya and Hiroshi Kajihara
- 960 Hand dredging for the wedge clam (*Donax trunculus*) in the Algarve coast (southern Portugal): fishing yield, bycatch, discards and damage rates
Lídia Nicolau, Paulo Vasconcelos, André N. Carvalho, Fábio Pereira, David Piló, Laura Sordo and Miguel B. Gaspar
- 978 Reproductive strategy of yellow squat lobster (*Cervimunida johni* Porter, 1903): re-evaluating the maturity criteria
Andrés Flores, Rodrigo Wiff, Donald I. Brown, Mauricio Ahumada and Sebastián Larrea-Meza
- 994 *Grateloupia oligoclora* (Halymeniaceae, Rhodophyta): a new species from China based on morphological observation, life history and *rbcl* gene sequence analysis
Xiaoshuo Duan, Yao Bian, Haolin Wang and Hongwei Wang
