

# *trace elements and electrolytes*

## Originals

Nutritional assessment of calcium, sodium, and sugar according to types of milk and dairy products	47
<i>Ji-Eun Shin, So-Yun Kim, Ho-Jung Ban, Seong-Hee Yoon, Yu-Mi Kim, and Mi-Kyeong Choi</i>	
Effect of in ovo lithium carbonate and citrate injection on embryonic development and total blood glucose, triglyceride, and cholesterol concentration	55
<i>Karolina Kabzinska and Rafal Wojciech Wojciak</i>	
Selenium increases cell proliferation after citrate treatment on L929 fibroblast cell line	64
<i>Ahu Soyocak and Dilek Duzgun Ergun</i>	
Modulators of TRPM7-magnesium channels alter the contractile activity of rat uterine smooth muscle	71
<i>Carolin Mestermann, Thomas Noack, and Robert Patejdl</i>	

## Letter to the Editor

Magnesium and human fertility	78
<i>Hans-Georg Classen and Ingeborg Classen-Winkler</i>	

## Abstracts

49 <sup>th</sup> Rostock Talks on Cardiovascular Function and Hypertension at the University of Rostock, Germany, June 27, 2020	81
Selected abstracts of the Annual Meeting of the German Working Group "Trace Elements and Electrolytes in Oncology" Akte 2021, Herne, Germany, September 4, 2021	84
41 <sup>th</sup> Scientific meeting of the Society for Magnesium Research Online, November 18, 2021	89
