

PLANT DISEASE RESEARCH

VOLUME 37(1)

CONTENTS

Fungal Pathology

- Genetic characterization of multi-parental population to sorghum downy mildew in maize 1
Shrikrishna P. Desai, H.C. Lohithaswa and G. Jadesh
- Pesticide selection criteria of farmers for insect-pests and disease control measures in rice crop 8
Pawan Kumar Kasniya, Mandeep Singh, Buta Singh Romana and Amarjit Singh
- Combating bean anthracnose through integrated disease management 15
Naiya Sharma, Renu Thakur, Dimple Rana, P.N. Sharma, Ashwani Kumar Basandrai
- Integrated management of French bean rust (*Uromyces appendiculatus*) 23
Gurvinder Singh, Banita Devi and S.K. Gupta
- Role of environmental factors on development of cumin wilt incited by *Fusarium oxysporum* f. sp. *cumini* 30
Sanju Choudhary, Mali Ram Nehra and Shailesh Godika
- Management of wilt disease caused by *Fusarium oxysporum* f.sp. *ciceri* in chickpea 35
B. D. S. Nathawat and Manju Kumari
- Antifungal effect of some essential oils and seed dressing fungicides against *Fusarium sambucinum* causing dry rot of potato 40
Shujaul Hasan, Ramesh Singh, Amit Kumar Yadav and Ajay Kumar
- Evaluation of different fungicides and organic amendments against powdery mildew of ber 46
Lalit Mohan, Manoj Kumar Buswal, Narender Singh Yadav and Rakesh Punia
- Efficacy of plant extracts and biocontrol agents against *Fusarium oxysporum* f.sp. *pisi*, the incitant of wilt of pea 50
W. Tampakleima Chanu, Bireswar Sinha, Kota Chakrapani, N. Iboton Singh, K. Sarda Devi and Bijeeta Thangjam
- Prevalence of tomato early blight disease in Tamilnadu and morpho-cultural characterization of *Alternaria solani* isolates 58
Mahalakshmi, G., Vengadeshkumar, L. and Meera, T.

Mycology

- Effect of temperature and pH on mycelial growth of monkey head mushroom (*Hericium erinaceus*) 64
Jawala Singh, Narender Singh, Rakesh Kumar Chugh, N.K. Yadav and R.S. Chauhan

Short Communications

- Efficacy of organic inputs against *Fusarium graminearum* causing head scab of wheat 70
Gurpreet Kaur and S.K. Rana

Screening of rice genotypes for resistance against blast and bacterial leaf blight	75
<i>P. Madhusudhan, Ch. Sreelakshmi, R. Krishana Naik, U. Vineetha, I. Paramasiva and P.N.Harathi</i>	
Estimation of teliospore count of <i>Tilletia indica</i> and their effect on seed germination under different tillage practices of wheat in Punjab	79
<i>Jaspreet Kaur, Ritu Bala, Vineet K. Sharma, Maninder Kaur, Yogita Bohra, Parminder Singh Tak, Puja Srivastava, Divya Bhandhari, Diksha, Ferdaws Bromand and Jaspal Kaur</i>
