

Contents

Preface	vii
Chapter 1	An Overview of Microplastic Pollution in the Environment	1
	Md. Sazzadul Haque, Antara Anika and Shariar Uddin	
Chapter 2	Population Dynamics and Community Structure in Freshwater Ecosystems	43
	Didem Gökçe	
Chapter 3	Calcium Sulfates: Sources, Properties and Applications	79
	Emna Melliti, Alma Mejri and Hamza Elfil	
Chapter 4	Impacts of COVID-19 on the Environment	109
	Ankit Kumar Singh, Ravindra Kumar Gautam and Idá Tiwari	
Chapter 5	Soil Water Repellency and Moisture Dynamics in Eucalyptus Tree Plantations	135
	Stanley W. Nadir	
Chapter 6	Rheological Properties and Antioxidant Activity of Polysaccharides Extracted from Five Cystoseira Algae	153
	S. Zaim, H. Rchid, R. Nmila and R. El Moznine	
Chapter 7	Synergetic Effect of Calcium Sulphate and Silica on Arsenic Mobility and Accumulation by Cultivated Plants	177
	E. Bocharnikova and V. Matichenkov	

Chapter 8	Novel Fibrous Ion-Exchange Sorbents for Pretreatment Processes in the Nanofiltration for Water Treatment	189
	Renat Khaydarov, Atabek Yuldashev, Olga Gapurova and Praveen Thaggikuppe Krishnamurthy
