

Cultivar specific biochemical responses associated with chilling tolerance in mango fruits (*Mangifera indica* L.)

K.S. Shivashankar G.A. Geetha K.V. Ravishankar D.V. Sudhakar Rao T.K. Roy

Sugar content analysis of three strawberry cultivars applying two different cultivation methods
Zs. Lálity É. Borsos Zs. Papp Gy. Végvári I. Jócsák B. Horváthné Kovács G. Simon

Effect of irrigation management and humic acid rate on water use efficiency and some qualitative traits of peanuts (*Arachis hypogaea* L.)

S. Mahdavi N.M. Roshan M. Ashouri E. Amiri H.R. Doroudian

The assessments of biochemical characteristics for the superior walnut (*Juglans regia* L.) genotypes

A. Rezaei K. Arzani S. Sarikhan

Rootstock-induced impact on vine growth, yield, berry quality, and aroma profiles of 'Chunguang' in northern China

Minmin Li Yonggang Yin Nan Jia Bin Han Yan Sun Changjiang Liu Qingming Zeng
Yong Guo Shiyuan Liu Zijuan Guo

Effects of eight types of dwarfing self-rooted rootstocks on scion 'Yanfu 3' growth, fruit quality and *Botryosphaeria dothidea* resistance

Na Gong Cuiping Ren Yongzhang Wang Haiyong Qu
