

Articles

- CID DEL PRADO VERA, I. & SUBBOTIN, S.A.— Two new species of sedentary nematodes of the genus *Meloidodera* Chitwood, Hannon & Esser, 1956 (Tylenchida: Heteroderidae) from Mexico 849-865
- TANING, L.M., TAFES, E.K., FLEERAKKERS, S., LIPPENS, L., FORMESYN, E., TIRRY, L. & WESEMAEL, W.M.L.— Impact of cover crops on population density of the root-knot nematode *Meloidogyne chitwoodi* 867-882
- KERAMAT, M., MAHBOUBI, Z., ATIGHI, M.R., POURJAM, E., ABOLAFIA, J., ALGHANIMI, S.A. & PEDRAM, M.— Description of *Ektaphelenchus phoenicis* n. sp. (Rhabditida: Ektaphelenchinae), a morphological and molecular phylogenetic study 883-899
- WAGHMARE, C.D., KHAN, M.R., SOMVANSHI, V.S., ISLAM, M.N., SULTANA, R. & KUNDU, A.— Molecular characterisation and redescription of *Ficophagus religiosus* (Bajaj & Tomar, 2014) Davies & Bartholomaeus, 2015 from *Ficus religiosa* in India 901-918
- ZENG, Y., PERRY, R.N. & TOYOTA, K.— Effect of short-term growth of mung bean and its incorporation with nitrogen fertiliser on the density of the root-knot nematode, *Meloidogyne incognita*, in soil 919-928
- VERSSIANI, J.B.S., SOUZA, C.F.B., SANTOS, P.S., ARIAS, C.A.A., CARES, J.E. & CARNEIRO, R.M.D.G.— Reaction of soybean cultivars to two races of *Meloidogyne enterolobii* and their aggressiveness under plastic house conditions 929-940
- GU, J., FANG, Y., MA, X. & SÁNCHEZ-MONGE, A.— *Aphelenchoides tenuis* n. sp. (Tylenchida: Aphelenchoididae) found in loblolly pine logs imported from the USA 941-953
- SUBBOTIN, S.A., SAINZ, C., VILLARROEL, C.L. & FRANCO, J.— Molecular characterisation of the potato cyst nematode, *Globodera ellingtonae* Handoo *et al.*, 2012 (Tylenchida: Heteroderidae) from Bolivia 955-963
