

Presidential Address

- Scenario of wheat diseases and their management strategies 1
P.P.S. Pannu

Reviews

- Geographical distribution and host range of *Sclerotinia sclerotiorum* causing stem rot of crucifers 11
Naresh Mehta, P.D. Meena and G.S. Saharan
- Emerging pathogens: A consequence of climate change or ecological imbalance? 47
Yogita Bohra, Arvinder Singh, Amrinder Kaur, Ambika Rautela, Rajnish K. Verma, Vineet K. Sharma and Pravin K. Bagaria

Fungal Pathology

- Efficacy of fungicides against grain discoloration of rice under field conditions 59
P. Madhusudhan, I. Paramasiva, Ch. Sreelakshmi, P.N. Harathi and U. Vineetha
- Effect of weather variables on banded leaf and sheath blight (*Rhizoctonia solani* f. sp. *sasakii*) of fodder maize and its integrated management 64
D. K. Banyal, Ashima Thakur, Sonali Parwan and Amar Singh
- Efficacy of chitosan against *Penicillium digitatum* causing post-harvest green mould in Kinnow 71
Ambika Rautela, Amrinder Kaur and Yogita Bohra
- Evaluation of phytoextracts, bioagents and fungicides against aonla rust (*Ravenalia emblicae*) disease 76
Anil, Narender Singh, Manoj Kumar Buswal, R.S. Chauhan and J.L. Yadav
- Effect of fungicides and natural products on biochemical indices against yellow rust in wheat 81
Parminder Singh Tak, P. P. S. Pannu, H. S. Sabhikhi and Ambika Rautela
- Management of *Alternaria* blight (*Alternaria cucumerina*) of clusterbean 94
Narendra Singh, H.L. Deshwal and A.K. Sharma
- Management of Fusarium yellows and corm rot of gladiolus using *Bacillus subtilis* based biofungicide 99
Daljeet Singh Buttar, Ajay Kumar Choudhary and Poonam C. Singh

Bacteriology

- Population dynamics of *Dickeya zaeae* in different rice and maize based cropping systems in Punjab 106
Jaspreet Kaur Basati, Mandeep Singh Hunjan, Harleen Kaur, Yesmin Kaur and P.P.S. Pannu
- Evaluation of elite rice breeding lines for resistance to bacterial blight (*Xanthomonas oryzae* pv. *oryzae*) 111
Jyoti Jain, Renu Khanna and Jagjeet Singh Lore

Virology

Cotton leaf curl virus disease and weather interaction at Faridkot under south western region of Punjab <i>Ashok Kumar and Sudhir Kumar Mishra</i>	116
---	-----

Short Communications

Screening of elite Bt-cotton hybrids against cotton leaf curl virus disease <i>Ashok Kumar</i>	123
First report of <i>Corynespora cassicola</i> causing target leaf spot of marigold in India <i>S. Gupta, S. Chandel and S. Jandaik</i>	126
Book Review	129
