|------------------|---|------------|
| <b>Preface</b>   | .....   | vii        |
| <b>Chapter 1</b> | <b>A Multi-Criteria Optimization Model<br/>for Office Building Development through<br/>Climate-Friendly Material Selection.....</b>           | <b>1</b>   |
|                  | George Sarpong-Nsiah  |            |
| <b>Chapter 2</b> | <b>Social Networks and Participatory<br/>Approaches in the Service of Disaster<br/>Management of Fire Events.....</b>                         | <b>19</b>  |
|                  | Stathis G. Arapostathis   |            |
| <b>Chapter 3</b> | <b>Bio-Oil from Microwave-Assisted<br/>Pyrolysis (MAP) of Non-Edible/Crop<br/>Residue/Contaminated Biomass.....</b>                           | <b>49</b>  |
|                  | Mattia Bartoli, Piero Frediani<br>and Marco Frediani  |            |
| <b>Chapter 4</b> | <b>Synthesis of Formic Acid by Catalytic<br/>Hydrogenation of Carbon Dioxide.....</b>   | <b>95</b>  |
|                  | Minaxi S. Maru, N. Sudheesh<br>and Ram S. Shukla  |            |
| <b>Chapter 5</b> | <b>Elimination of Diphenyl Organochlorine<br/>Pesticides from Environmental Samples<br/>through Adsorption and Microbial Degradation.....</b> | <b>155</b> |
|                  | Timothy O. Ajiboye, Mafolasire A. Abolaji,<br>Grace O. Akinsola, Israel A. Ogunsumi,<br>Titilope T. Ajiboye and Sabelo D. Mhlanga             |            |

|                  |   |     |
|------------------|---|-----|
| <b>Chapter 6</b> | <b>Identifying the Linnean Shortfalls<br/>and the Prominence of DNA Barcodes<br/>in Urban Areas: Reviews and Reflections<br/>from Indian Cities</b> .....                         | 181 |
|                  | Bramhi Suresh Chougule<br>and K. S. Chetan Nag  |     |
| <b>Chapter 7</b> | <b>Perspectives on Connecting Tourism<br/>with Citizen Science: Contributions to<br/>Landscape Management for Nature and People<br/>from a Case Study in North Portugal</b> ..... | 199 |
|                  | Humberto Lima, Edgar Bernardo<br>and Mário Santos   |     |
| <b>Chapter 8</b> | <b>The Role of Methanol in Sustained<br/>Use of Biofuel Blends:<br/>A Chance or a Limiting Factor?</b> .....  | 235 |
|                  | Bhanu Prakash Sandaka, Jitendra Kumar<br>and Kuber C. Bhainsa   |     |
|                  | <b>Contents of Earlier Volumes</b> .....  | 265 |
| <b>Index</b>     | .....   | 273 |
