

Research Articles

- 489 The study of effect of vitamin C and *Achyranthes aspera* seeds enriched diets on the growth, biochemical composition, digestive enzyme activities and expressions of genes involved in the biosynthesis of fatty acids in Snow trout *Schizothorax richardsonii* (Gray, 1832)
Guddu Kumar, JaiGopal Sharma, Ravi Kumar Goswami, Avinish Kumar Shrivastav, Neelesh Kumar, Suresh Chandra, and Rina Chakrabarti
- 510 The effect of the addition of a probiotic mixture of two *Bacillus* species to a coupled aquaponics system on water quality, growth and digestive enzyme activity of Mozambique tilapia, *Oreochromis mossambicus*
Nasser Kasozi, Brendan Wilhelmi, and Horst Kaiser
- 529 Co-feeding schemes affect survival, growth, and development in the larviculture of the Striped cleaner shrimp *Lysmata amboinensis* (de Mann, 1888)
João Rodolfo Matias da Cunha Costa, Samuel Ratcliff, Mônica Yumi Tsuzuki, and Michael Hans Schwarz
- 543 Digestibility of dehulled lupine meal, corn distiller's dried grain with solubles and de-fatted soybean meal for orange-spotted grouper *Epinephelus coioides*
Dung Viet Le and Yew-Hu Chien
- 561 Effects of dietary supplementation of endo-(1,4)- β -xylanase in plant-based diets on growth performance, hindgut microbial diversity, and blood chemistry in large on-growing African catfish (*Clarias gariepinus*)
Stephan J Gericke, Khalid Salie, Lourens de Wet, and Neill J Goosen
- 585 Influence of quercetin loaded mesoporous silica nanoparticles (QMSNs) on immunity and diseases resistance in Nile tilapia (*Oreochromis niloticus*)
Shabana Shameem M., Karthika Mayavan, and Ramasubramanian Venkatachalam
- 605 Freshwater mussel (*Lamelliedens marginalis*) to reduce the lead (Pb) bioaccumulation in aquaculture of stinging catfish, *Heteropneustes fossilis*
Monayem Hussain, Mohammad Amzad Hossain, Mohajira Begum, and Nirmal Chandra Roy
- 622 Effect of *Bacillus* spp. on the composition of gut microbiota in early life stages of Indian white shrimp, *Penaeus indicus*
P. K. Patil, T. N. Vinay, R. Aravind, S. Avunje, and K. K. Vijayan
- 633 A comparative study of the effects of pelleted and extruded feed on growth, financial revenue and nutrient loading of Nile tilapia (*Oreochromis niloticus* L.) cage culture in a lacustrine environment
Safina Musa, Christopher Mulanda Aura, Tumi Tomasson, Ólafur Sigurgeirsson, and Helgi Thorarensen
- 656 Effect of pond rental market system on aquaculture farmers in the coastal communities of Nigeria
Olaniran Anthony Thompson, Oluyede. Adeleke Aturamu, Babatunde Ajiboye, and Oyenike Olumide Ojo

- 674 Different dietary protein levels for *Podocnemis unifilis* subadult farming: hematological and biochemical assessment
Alexandre Renato Pinto Brasiliense, Renan Pereira Mendonça, Paulo Eric Moreira de Almeida, Leandro Fernandes Damasceno, Maria Danielle Figueiredo Guimarães Hoshino, and Eliane Tie Oba Yoshioka
- 687 A comparison of stress levels in farmed and wild American alligators: an indicator of animal health and best farming practices
Mark Merchant, Ted Joanen, Jennifer Berkin, and Chad Courville
- 703 The effect of mass cultured *Phronima pacifica* feed using *Caulerpa lentillifera* substrate on growth performance and nutritional quality of pacific white shrimp (*Litopenaeus vannamei*)
Vivi Endar Herawati, Seto Windarto, Dwi Yanuar Budi Prasetyo, Slamet Budi Prayitno, and Ocky Karna Radjasa
- 722 Lactic acid bacteria metabolites in fish feed additives inhibit potential aquatic and food safety pathogens growth, and improve feed conversion
Hsieh-Hsun Ho, Chung-Lun Lu, Pei-Shan Hsieh, Ching-Wei Chen, Shih-Hung Hsieh, Yi-Wei Kuo, Cheng-Ruei Liu, Zun-Jie Syu, Jui-Fen Chen, and John Han-You Lin
- 743 Aquaculture and aquafeed in Rwanda: current status and perspectives
Leon Niyibizi, Aleksandar Vidakovic, Anna Norman Haldén, Simon Rukera Tabaro, and Torbjörn Lundh
- 765 Role of elderberry (*Sambucus nigra*) on the modulation of stress and immune response of Nile tilapia, *Oreochromis niloticus*
Mursalin Khan, Asif Mortuza, Elliott Blumenthal, and Ahmed Mustafa
- 788 Effect of the varying inclusion levels of the egg yolk powder on growth, stress tolerance, and pigmentation of Guppy (*Poecilia reticulata*)
G. S. Champika Perera, Ram C. Bhujel, Krishna Salin, Loc Thai Nguyen, Amonrat Sermwatanakul, and Ooi Ei Lin
- 804 Bioactivity of *Excoecaria agallocha* leaf extract against *Pseudomonas aeruginosa* infection in *Labeo rohita*
D. Divya, G. Beulah, K. Govinda Rao, M. V. N. Sravya, G. Simhachalam, M. Sai Krishna, and N. S. Sampath Kumar
- 823 Dietary mixed and sprayed probiotic improves growth performance and digestive enzymes of juvenile whiteleg shrimp (*Litopenaeus vannamei*, Boone, 1931)
Maryam Mirbakhsh, Babak Ghaednia, Mohammad Jalil Zorriehzahra, Fariba Esmaeili, and Caterina Faggio
- 837 Effects of plant density and stem pruning on plant biomass yield and economic benefits in a low-cost gravel bed aquaponic system
Adeleke Babatunde, Robertson-Andersson Deborah, Moodley Gan, and Taylor Simon
