

ANNALS OF BIOLOGY

Vol. 39, No. 1 (June 2023)

CONTENTS**Articles**

- Antimicrobial Activity of Endophytic Fungi Isolated from a Traditionally Important Plant of NE India–*Litsea chinensis* Lam
–**Barbi Bhuyan, Pabanita Senapati, Suraiya Akhtar, Raja Ahmed, Kumanand Tayung and Rafiul Amin Laskar** ...1-6
- Biochemical and Molecular Characterization of Endophytic Bacteria from Root Nodules of Mungbean (*Vigna radiata*)
–**Rekha Sansanwal, Umang Ahlawat, Priyanka Batra, Leela Wati and Preeti Kaushik** ...7-10
- Zinc Biofortification as Treatment of Lead-Contaminated Soils
–**Basim H. Faraj, Saba R. Khudhaier, Sedik A. K. Al-Hiyaly, Salih A. Al-Salih, Dhuha J. Mahdi, M. T. A. Mohammed and Mohanad R. Dheyab** ...11-14
- Isolation and Identification of Alkaloid Compounds from *Capparis spinosa* and to Study its Biological Activity in Misan, Iraq
–**Hawraa Saleh Mahdi and Waleed Muhsin Ali** ...15-22
- Validated Reverse Phase-high-performance Liquid Chromatography Method for Estimation of the Spice: Curcumin in Self-nano Emulsifying Drug Delivery System
–**Leander Corrie, Sachin Kumar Singh, Monica Gulati, Narendra Kumar Pandey, Rubiya Khursheed, Ankit Awasthi, Jaskiran Kaur and Sukriti Vishwas** ...23-29
- Bioenhanced Bilayer Sublingual Films Containing Antimigraine Drugs Using Microencapsulated Bioenhancer: *in vivo* Evaluation in Humans
–**Bhupinder Bhyan, Dinesh Chandra Bhatt and Sarita Jangra** ...30-34
- Use of Vibrational Spectroscopy and Proximate Compositions for Geographical Classification of Pearl Millets
–**Pavas, Neha Munjal, Maninder Meenu and Uma Kamboj** ...35-40
- Preparation, Characterization and Assessment of Low Cost Green Adsorbent Prepared from Coconut Shell for Removal of Toxic Dichloromethane
–**Anju Mangotra, Shailesh Kumar Singh and Anand Mohan** ...41-48
- Impact of Seed Priming and Foliar Application of Nutrients Based Morpho-physiological Changes on Growth and Yield of Greengram (*Vigna radiata* L.)
–**Mohit Naik, Deepak Kumar, Akash and Anaytullah Siddique** ...49-53
- Impact of Weather on the Incidence of the Fall Armyworm, *Spodoptera frugiperda* on Maize under East Coast Agroclimatic Conditions of India
–**M. Ratnam, G. Annie Diana Grace, N. Kamakshi and G. M. V. Prasada Rao** ...54-57
- In silico* Designing of Effective and Specific dsRNAs and siRNAs for Post-transcriptional Silencing of Whitefly, *Bemisia tabaci* Genes with Minimized Off-target Effects
–**Archna Suhag, Ankit Kumari, Anjali Jaiwal, Darshna Chaudhary, Pawan K. Jaiwal and Ranjana Jaiwal** ...58-65

Effect of Physiological Factors and Different Growth Media on <i>Alternaria solani</i> under <i>in vitro</i> Condition and Eco-friendly Management of Early Blight of Tomato (<i>Solanum lycopersicum</i> L.) - K. Aparna Das, Rushikesh Kailash Bhosale, Sanket Sudhakar Chavan, Meenakshi Rana and Seweta Srivastava	...66-72
Optimization of Microwave-assisted Extraction Method for the Yield of Extraction and Total Phenol Content from Moringa Leaves (<i>Moringa oleifera</i> Lam.) var. PKM 1 - G. Sandeep, T. Arumugam, G. J. Janavi, T. Anitha, K. Senthil and A. Lakshmanan	...73-81
Improvement in Plant Growth and Yield of Cauliflower after Application of Biofertilizers and Inorganic Nutrient Sources - Raghvendra Bajpai, Shailesh Kumar Singh, Dashrath Bhati, Dinesh Baboo Tyagi and Nikita Nehal	...82-86
Effect of Foliar Spraying with Potassium Silicate and Some Microelements on the Yield of Apple cv. Ibrahimi - Heba Yahya Hamad Al-Mohammadi and Ali Ammar Ismail	...87-91
Morphological and Physiological Responses of Local Rice Cultivars of Central Java under Drought Stress - Sabila Awanis, Edi Purwanto, Muji Rahayu and Amalia Tetrani Sakya	...92-97
Floral Diversity and Ethnobotanical Study at Jind (Haryana) of Northern India - Anshu, Rajesh Yogi and Ram Prakash Pandey	98-101
Health Risks from Heavy Metal for Medical Toothpastes Derived from Herbal in Iraqi Pharmacies - Dhuha Jalil Lawi, Waleed Salah Abdul Whaab and Ali Abid Abojassim	...102-107
Effect of Pomegranate Plant Dye on Some of Structural Properties of (Polyvinyl Alcohol + Dioxide Titanium) Thin Films - Ameen Alwan Mohaimed and Bahaa H. Rabee	...108-111
Evaluation of Pollen Extraction Methodologies from Soil Substrate for Forensic Applications - Tina Sharma and Saurav Sharma	...112-115
Water as a Source of Minerals: Contribution of Wells Water for Mineral Nutrition in Broilers - Mustafa S. Al-Rawashdeh	...116-118
Histological Effects of Titanium Dioxide Nanoparticles on Some Reproductive Organs in Male Mice (<i>Mus musculus</i>) - Manar Mohammad Hasan Al-Murshidi and Isrra Adnan Auda Khadhim	...119-122
Protective Potency of Nano-emulsified Amifostine against Cisplatin Induced Nephrotoxicity in Rats - Rehab A. Mohamed, Fatma F. Abdel Hamid, Dawoud F. Habib, Nadia A. Mohamed, Wagdy K. B. Khalil, Emad K. Ahmed and Amani F. H. Noureldeen	...123-129
Development and Quality Evaluation of <i>Masala Khakhra</i> Fortified with Moringa Leaves Powder - Shobhit and Alka Sharma	...130-135
Production, Marketing and Storage Constraints in Onion Cultivation in Haryana - Shivam, Usha, P. K. Nimbrayan and V. P. Luhach	...136-140
A Bibliometric Review on the Initial Public Offerings of Small and Medium Enterprises - Parveen Siwach and Prasanth R. Kumar	...141-144
