

<b>Preface</b> .....	VII
<b>Vascular brachytherapy</b>	
<b>Insights into vascular pathology after intracoronary brachytherapy</b> .....	1
G. Bauriedel, D. Skowasch, A. Jabs, S. Dinkelbach, R. Andrié, T. M. Schiele, B. Lüderitz	
<b>Validation of the localization of the target tissue for intracoronary brachytherapy</b> .....	10
J. Hausleiter, A. N. Li, C. K. Abbey, R. Makkar, J. S. Whiting, N. Eigler	
<b>Serial intravascular ultrasound analysis after intracoronary beta-radiation in long in-stent restenotic lesions</b> .....	17
T. M. Schiele, A. Zimmermann, J. Rieber, A. König, F. Krötz, H.-Y. Sohn, R. Kantlehner, B. Pöllinger, E. Dühmke, K. Theisen, G. Bauriedel, V. Klauss	
<b>Dose finding in intracoronary brachytherapy – consequences from empirical trials</b> .....	23
D. Baumgart, W. Sauerwein, C. Naber, P. Meusers, U. Quast, H. Eggebrecht, R. Erbel	
<b>A multicenter European <i>REG</i>istry of intraluminal coronary beta brachytherapy using the <i>NO</i>voste system</b> .....	31
P. Urban for the RENO investigators	
<b>The <i>IST</i> Registry</b> .....	33
S. Silber, D. Baumgart, C. Hehrlein, T. Meinertz, A. Mügge, W. Rutsch, J. vom Dahl	
<b>Localized intracoronary beta radiation therapy to inhibit recurrence of in-stent restenosis</b> .....	40
R. Waksman, A. E. Raizner, A. C. Yeung, A. J. Lansky, L. Vandertie, on behalf of the INHIBIT Investigators	
<b>Drug eluting stents</b>	
<b>Stent-based release of paclitaxel to prevent restenosis</b> .....	42
D. E. Drachman, C. Rogers	
<b>Drug eluting stents: initial experiences</b> .....	44
E. Grube, U. Gerckens, R. Müller, L. Büllsfeld	
<b>Sirolimus-eluting stents: a review of experimental and clinical findings</b> .....	49
K. Toutouzas, C. Di Mario, R. Falotico, T. Takagi, G. Stankovic, R. Alberio, N. Corvaja, A. Colombo	
<b>Covered stent grafts: role in intervention of coronary arteries and degenerated vein grafts</b> .....	58
V. Schächinger, A. M. Zeiher
