

Document delivery to non-German-speaking countries suspended

Unfortunately, document delivery to non-German-speaking countries is temporarily suspended due to unsolved copyright problems. We regret this deeply and kindly apologize for any inconvenience that results for you. We suggest that you consider Subito Library Service (<http://www.subito-doc.com>) , which is not affected by this measure. All libraries, which are financed by public funds and take part in the Inter Library Loan (ILL), can use the Subito Library Service.
